

Multi-Nozzle, Soft Flow Fabric Dyeing Machine

Multi-Nozzle, Soft Flow Fabric Dyeing Machine

With High Discharge Low rpm Pump

- Liquor ratio 1:3 (Wet Fabrics)
- Maximum temperature 135° c
- Maximum capacity
50, 100, 150, 200, 300 Kgs.
- Highly corrosion resistant stainless steel AISI 316-L
- Achievement of high quality fabrics with reduced pilling and tension.
- Advance level indication.
